About us...

The University Center for the Performing Arts is South Florida's premier independent performing arts school. This year marks our 31st season of serving our community with the highest standard of performing arts education.

Our faculty of Resident Artists offer students of all ages and backgrounds the opportunity to learn and develop technique in the areas of acting, dance, and music. Class time is fully dedicated to learning skill and technique, as we are not a recital school. All students are individually observed, evaluated and corrected in a nurturing and positive environment.

Performance opportunities are available for students wishing to develop their performing abilities and stage presence. Students may become involved in performance workshops, student productions, and various concert events.

The UCPA also serves as home to several professional performing arts companies and the Paul L. Rodensky Foundation for the Arts which presents many concerts, plays and theatrical events.

Visit our website for a complete listing of upcoming events.
